Abraham took his best stab at convincing the Angel of God to spare Sodom and Gomorrah. (Review Genesis Chapter 18. Génesis Genèse 包世记)

Were Abraham alive today, what "successful" argument might he make to persuade God to delay Jesus' return for 100 more years?

<u>Possible Argument</u> - "Man has reached the moon. Satellites guide vehicles. Robots clean carpets. Hey God, just imagine what great advancements another 100 years will bring?"

God's Rebuttal - "But the tongue can no man tame; it is an unruly evil, full of deadly poison." #James3v8 Santiago Jacques 雅各书

For example, compare the confusion during the "1918-20 Pandemic" to the mixed-messaging during the "2019-20__ Pandemic": Had the general population in 1918 possessed the resources, and if people in 1918 had been consistently well-informed and guided/mentored by -- a) trustworthy medical scientists, b) ethical government officials, c) reliable news sources, and d) non-partisan leaders within the faith communities, how many millions of lives might have been saved ???

"For what is a man profited, if he shall gain the whole world, and lose his own soul?" or what shall a man give in exchange for his soul?"
